Import Reporting Requirements

- NRCan import reporting requirements: the five data elements**
1. Name of the products (e.g. dishwasher)
 2. Model number of the product (for motors, the model number o the unique motor indicator)
 3. Brand name (if applicable)
 4. Address of the dealer
 5. Purpose of the importation

**The five data elements are not required for battery chargers, external power supplies, fluorescent lamp ballast, electric motors and small electric motors incorporated into another product at the time of import.
