Minister's message

On behalf of Natural Resources Canada, I am pleased to present our report on fees for 2019–20.

The *Service Fees Act* provides a modern legislative framework that enables cost-effective delivery of services and, through better reporting to Parliament, improves transparency and oversight.

Natural Resources Canada has service fees, set by contract or regulations, that are required by legislation or support delivering on the mandate of the department. The fees include Explosive license and inspection fees, Air Photo fees, Map fees, Forest services and products fees, Non-Destructive Testing certification fees, certified reference material fees, and fees set by individual contract.

I will continue to lead my department's transition to the reporting regime provided under the *Service Fees Act*.

The Honourable Seamus O'Regan, PC, MP.
Minister of Natural Resources

About this report

This report, which is tabled under section 20 of the *Service Fees Act*ⁱ and section 4.2.8 of the *Directive on Charging and Special Financial Authorities*ⁱⁱ, contains information about the fees that Natural Resources Canada had the authority to set in 2019–20.

Government of Canada departments may set fees for services, licences, permits, products, the use of facilities; for other authorizations of rights or privileges; or to recover, in whole or in part, costs incurred in relation to a regulatory scheme.

For reporting purposes, fees must be categorized under the following three fee setting mechanisms:

1. Act, regulation or fees notice
 - An act of Parliament delegates the fee setting authority to a department, minister or Governor in Council.
2. Contract
 - Ministers have the authority to enter into contracts, which are usually negotiated between the minister and an individual or organization, and which cover fees and other terms and conditions. In some cases, that authority may also be provided by an act of Parliament.
3. Market-rate or auction or both
 - The authority to set these fees is pursuant to an act of Parliament or regulation, and the minister, department or Governor in Council has no control over the fee amount.

This report contains information about all fees that are under Natural Resources Canada's authority, including any that are collected by another department.

The information covers fees that are subject to the *Service Fees Act*.

For fees set by contract and fees set by market-rate, auction or both; the report provides totals only. For fees set by act, regulation or fees notice, it provides totals for fee groupings, as well as detailed information for each fee.

Although the fees that Natural Resources Canada charges under the *Access to Information Act* are subject to the *Service Fees Act*, they are not included in this report. Information on Natural Resources Canada's access to information fees for 2019–20 can be found in our access to information report, which is posted on [Natural Resources Canada website](#).

Remissions

A remission is a partial or full return of a fee to a fee payer who paid for a service for which a department deemed that the service standard was not met.

Under the *Service Fees Act*, departments must develop policies for determining whether a service standard has been met and for determining how much of a fee will be remitted to a fee payer if a service standard is not met. This requirement will not take effect until April 1, 2021, so this report does not include remissions issued under the *Service Fees Act*.

Overall totals, by fee setting mechanism

The following table presents the total revenue, cost and remissions for all fees that Natural Resources Canada had the authority to set in 2019–20, by fee setting mechanism.

Overall totals for 2019–20, by fee setting mechanism

Fee setting mechanism	Revenue (\$)	Cost (\$)	Remissions (\$)
Fees set by contract	15,619,692	16,995,048	Remissions do not apply to fees set by contract.
Fees set by market-rate, auction or both	0	0	Remissions do not apply to fees set by market-rate, auction or both.
Fees set by act, regulation or fees notice	5,229,747	7,496,399	0
Total	20,849,439	24,491,447	0

Totals, by fee grouping, for fees set by act, regulation or fees notice

The following tables present, for each fee grouping, the total revenue, cost and remissions for all fees that Natural Resources Canada had the authority to set in 2019–20 that are set by any of the following:

- act
- regulation
- fees notice

A fee grouping is a grouping of all the fees that a department has the authority to set for activities relating to a single business line, directorate or program.

Explosives licence and inspection fees: totals for 2019–20

Fee grouping	Explosives licence and inspection fees	
Revenue (\$)	Cost (\$)	Remissions (\$)
1,799,073	3,790,649	0

National Air Photo Library - Air Photo products fees: totals for 2019–20

Fee grouping	National Air Photo Library - Air Photo products fees	
Revenue (\$)	Cost (\$)	Remissions (\$)
389,198	150,072	0

Canada Maps Office - Map products fees: totals for 2019–20

Fee grouping	Canada Maps Office - Map products fees	
Revenue (\$)	Cost (\$)	Remissions (\$)
23,406	24,333	0

Forest services and products fees: totals for 2019–20

Fee grouping	Forest services and products fees	
Revenue (\$)	Cost (\$)	Remissions (\$)
47,775	47,775	0

Non-Destructive Testing Certification Body Services fees: totals for 2019–20

Fee grouping	Non-Destructive Testing Certification Body Services fees	
Revenue (\$)	Cost (\$)	Remissions (\$)
1,903,365	2,353,012	0

Canadian Certified Reference Materials Program (CCRMP) fees: totals for 2019–20

Fee grouping	Canadian Certified Reference Materials Program (CCRMP) fees	
Revenue (\$)	Cost (\$)	Remissions (\$)
1,066,930	1,130,558	0

Details on each fee set by act, regulation or fees notice

This section provides detailed information on each fee that Natural Resources Canada had the authority to set in 2019–20 and that was set by any of the following:

- act
- regulation
- fees notice

Fee grouping	Explosives licence and inspection fees
Fee	<p>Authorization for an indefinite period; Authorization for a specified period; Authorization for a specified period for use at a special event, tour or international competition; Single use permit; Annual permit; Initial division 1 factory licence to manufacture blasting or military explosives; Renewal of a division 1 factory licence to manufacture blasting or military explosives; Division 1 factory licence to manufacture any other explosives, and any other factory licence; Vendor magazine licence to store high explosives or initiation systems; Vendor magazine licence to store any other explosives – retail; Vendor magazine licence to store any other explosives – distributor; Vendor magazine licence to store any other explosives – re-packaging; User magazine licence to store high explosives or initiation systems; User magazine zone licence to store high explosives or initiation systems; User magazine licence to store any other explosives; Certificate to manufacture blasting explosives; Certificate to mechanically blend ammonium nitrate and fuel oil for immediate use at a blast site; Any other manufacturing certificate; Initial certificate; Modification to or change of certificate; Renewal of certificate</p>
Fee-setting	<i>Explosives Regulations, 2013 (SOR/2013-211)</i> ⁱⁱⁱ
Year fee-setting	1950
Last year	2018

Service standard	95% of the time High Explosives, initial factory applications will be Completed within 60 days of receipt of Completed documentation; renewals and all High Explosives licences, permits and authorizations will be processed within 30 days of a Completed request
Performance result	Licensing turnaround times have been acceptable to stakeholders. Results indicate High Explosives performance standards were met or exceeded 95% of High Explosives time
Application of Low-Materiality Fees Regulations	<p>Low-materiality (\$51–\$151):</p> <ul style="list-style-type: none"> Vendor magazine licence to store any other explosives – retail; User magazine licence to store any other explosives; Any other manufacturing certificate; Modification to or change of certificate; Renewal of certificate <p>Material (>\$151):</p> <ul style="list-style-type: none"> Authorization for a specified period; Single use permit; Vendor magazine licence to store any other explosives – distributor; Vendor magazine licence to store any other explosives – re-packaging; Certificate to mechanically blend ammonium nitrate and fuel oil for immediate use at a blast site; Initial certificate <p>Material (formula):</p> <ul style="list-style-type: none"> Authorization for an indefinite period; Authorization for a specified period for use at a special event; Annual permit; Initial division 1 factory licence to manufacture blasting or military explosives; Renewal of a division 1 factory licence to manufacture blasting or military explosives; Division 1 factory licence to manufacture any other explosives, and any other factory licence; Vendor magazine licence to store high explosives or initiation systems; User magazine licence to store high explosives or initiation systems; User magazine zone licence to store high explosives or initiation systems; Certificate to manufacture blasting explosives

Fees Report for 2019–20

Fee	2019–20 fee amount (\$)	2019–20 total fee revenue (\$)	Fee adjustment date	Adjusted fee amount in 2021–22 (\$)
