Good day Kim,

Pls see below DOF Subsea Canada comments to the proposed changes to the Atlantic Offshore Occupational Health and Safety Initiative.

The following are the questions we need answered :

- aa) In the introduction, what is defined as “ offshore area” ? Does it mean the 500 meter safety Zone ?
- bb) What is defined under these regulations as “ passengers” ?
- cc) What is defined under these regulations as “employee” ?

Brgds  
Jeff
