For Office Use Only	Date App. Completed	<input type="checkbox"/> Issued <input type="checkbox"/> Denied	Date of Revision	Reviewed by Inspector	Firecracker Use Certificate No.

Application for Firecracker Use Certificate

Storing and Using Firecrackers

When storing firecrackers, the user must store their firecrackers in a dwelling or in a storage unit and ensure the following:

- 1) No more than five cases of firecrackers – not exceeding 16 000 firecrackers per case – may be stored at any one time {s. 447}.
- 2) When firecrackers are stored in a dwelling, they must be stored away from flammable substances and sources of ignition, in a manner that protects the firecrackers against theft and ensures that access to them is limited to people authorized by the user {s. 448(1)}.
- 3) When firecrackers are stored in a storage unit {s. 448(2)}:
 - The storage unit must be located in a dry place, away from flammable substances and sources of ignition;
 - The storage unit must be constructed and maintained to prevent unauthorized access and to protect the contents from weather;
 - If the storage unit is a container, it must not impede exit in case of fire;
 - If the storage unit is not a container, all exits must be kept unobstructed;
 - Any shelving in the storage unit must be made from non-sparking material (for example, wood or painted metal);
 - Only firecrackers may be stored in the storage unit;
 - The storage unit must be attended when it is unlocked;
 - The storage unit must be kept clean, dry, organized and free of grit;
 - Any spill, leakage, or other contamination in the storage unit must be cleaned up immediately;
 - Precautions that minimize the likelihood of fire in or near the storage unit must be taken; and
 - A sign that displays the words “Danger – Fire Hazard / Risque d’incendie” in letters at least 10 cm high and that prohibits smoking using letters, or a symbol, at least 10 cm high must be posted on the storage unit in a clearly visible location.
- 4) When using firecrackers, the user must:
 - Wear non-flammable clothing and protective equipment that minimizes the likelihood of harm {s. 449(2)(a)};
 - Have at least one fire extinguisher with a capacity of at least 3-A:60-B:C easily accessible {s. 449(2)(b)};
 - Remove any misfired firecrackers from the site of use as soon as the circumstances permit after the display {s. 449(3)}; and
 - Return all misfired and unused firecrackers to the seller as soon as circumstances permit after the date of use specified in the firecracker certificate {s. 449(4)}.
