

ATTESTATION FORM

Canada Greener Homes Grant

Air Source Heat Pump Design / Cold Climate Air Source Heat Pump Design

The purpose of this form is to seek attestation from the contractor retained to design and install the heat pump that:

- the heat pump is sized to provide heating to service the **entire home**.

It is highly recommended that the homeowner:

- have this form completed by the contractor retained to design and install the heat pump system

For more information: Natural Resources Canada has developed a package of materials related to air source heat pump sizing and selection, intended for use by mechanical system designers and renovation contractors. nrcan.gc.ca/maps-tools-and-publications/tools/modelling-tools/toolkit-for-air-source-heat-pump-sizing-and-selection/23558
